Opt-in Concent for SMS Messages

Amitec SMS Notifier

Our product is an add-in to the AVEVA PI AF system, to allow notification messages to be delivered on SMS, in addition to the built-in email delivery channel.

Before using the *Amitec SMS Notifier* system, you must agree to receive SMS notifications, including alerts and updates.

- You are responsible for creating the notifications in AVEVA PI AF (self service)
- Message frequency varies based on system activity.
- Standard message and data rates may apply.
- Opt-out is done by configuring the notifications in the AVEVA PI AF system
